Description

Ticket to Work is a free and voluntary program administered by the US Social Security Administration (SSA) that connects people with employment services to help decide if working is right, to prepare for work, to find a job or maintain success while working. Participants will receive services such as career counseling, vocational rehabilitation, and job placement and training from authorized Ticket to Work service providers, such as Employment Networks (EN) or the local State Vocational Rehabilitation (VR) agency. The chosen service provider will serve as an important part of the participant's "employment team" that will help on the journey to financial independence.

WHO DOES THIS PROGRAM AIM TO SERVE? Everyone aged 18 through 64 who receives Social Security Disability Insurance (SSDI) and/or Supplemental Security Income (SSI) benefits because of his or her disability is eligible to participate in the Ticket to Work program.

For further information, please read Ticket to Work's [Frequently Asked Questions \(FAQ\)](#) guide.

HAS THIS PROGRAM BEEN SUSPENDED DUE TO COVID-19? No, however for current updates to the SSA's response to COVID-19, please visit www.ssa.gov/coronavirus.
